

NOTICE

DEBRIS COLLECTION COMPLETE

The City has completed the 1st and 2nd pass collection of vegetative and mixed C&D debris. As the result of Hurricane Irma, the City collected 533 loads of debris totaling 21,411 cubic yards.

If you have any leftover materials, such as leaves and small twigs/limbs, we recommend that residents rake the remaining leaves up and place into bags and cut small twigs/limbs into lengths no longer than 4 feet and either bundle with twine or place in trash cans. These items will be collected as part of your regular residential waste collection pick up.
