

## Questions and Answers #2

1. Is there a specific layout or basis of design showing any preferred footprint? **There is no specific layout or basis of design.**
2. There is an irregular outline on the design document and needed to know if it represents anything? Does the blank circle next to the playground represent a future splash pad or something else? **The irregular outlines are just place holders (including the blank circle)**
3. After reviewing the site we see that it is massive. Over 17K square feet. Would we be able to reduce that down some to assist with budget and play value or are you adamant on maintaining that size of an area? **The City is showing the area that has been set aside for the playground. It is up to each vendor on how they want to utilize the space.**
4. Benches and or tables as well as trash receptacles are not mentioned in your request. Please confirm you do not wish us to include any site amenities in our RFP at this time. **Benches, and or tables as well as trash receptacles are not included in the RFP.**
