

Questions & Answers #1

It was stated at the pre-bid to go with the plant list in the bid form, however the last line bid form says 8-10" Ligustrum shrub form, and on the Landscape plans the last plant in the list is Liriope, and they both have the same quantities. **Regarding the last item listed on Schedule B, Groundcover & Vines. (page 23, top of page). Instead of Ligustrum Shrub Form, last line should read: Lilyturf, Boarder Grass, Size 6"-10" 1 gal., Qty 1865**

Can you please send us a copy of the as-built stick drawing of available existing pipe sleeves, for the Waterfront Park Project? This was discussed at the pre-bid meeting yesterday. Let me know if you have any questions. **As discussed at the pre-bid meeting we have no as builds to locations of sleeves. The only sleeves we knew about were shown to you at the pre-bid meeting.**
